

```
#include<stdio.h>
#include<conio.h>

int main()
{
    int b;
    printf("\nEnter b=");
    scanf("%d",&b);
    if(b%2==0)
        printf("Number is Even");
    else
        printf("Number is Odd");
    getch();
    return 0;
}
```
